

### DESCRIPTION

Top Coat is an asphalt emulsion material specifically developed to seal hairline cracks and give new life and protection to asphalt areas. Top Coat is widely recognized as the best type of protection coating for all asphaltic pavements from small residential driveways to commercial industrial parking lots.

### FIRST-AID

**Eyes:** Flush with copious amounts of water lifting lids and removing contact lenses to ensure complete irrigation—get medical attention.

**Skin:** Flush with water and then wash with soap and water, launder contaminated clothing before reuse—get medical attention if irritation persists.

**Inhalation:** Not expected to be a route of exposure as provided. If respiratory symptoms develop seek medical attention.

**Ingestion:** DO NOT INDUCE VOMITING OR GIVE LIQUIDS. Rinse mouth with water to remove material from throat. If vomiting occurs, keep head below hips. Get medical attention immediately.

### DIRECTIONS

Remove all heavy deposits of grease and oil by scrubbing with Tri-Clean, then flush thoroughly with water.

Sweep and hose down entire surface clear of dust and debris, leaving no puddles.

Repair all broken areas and potholes with Tri-Chem's Repair. On cracked pavements up to 1/4", remove all loose stones and dirt, then fill with Tri-Chem's Crack Gone Super.

For ease of application, area to be coated may be dampened with water but free of puddles.

Top Coat should be applied on warm, sunny days at a temperature above 60°F with no forecast of rain within 8 hours.

Mix or stir repeatedly to ensure that all contents are mixed thoroughly.

Brush or squeegee Top Coat on, working it into the surface, and spreading it as thin as possible.

### CLEAN UP

Water and detergent may be used for clean-up.

### COVERAGE

Coverage: 80-100 sq. ft. per gallon, depending upon the nature of the surface.

### DRY TIME

Surface will be dry to touch in 2-3 hours and ready for traffic in 24 hours.

### CAUTION

Please refer to the SDS for more detailed precautionary measures, handling instructions and emergency procedures.
